Foreword

Making people empowered to relive Gandhiji's dreams

The year 2016 has been an eventful year for all of us. Many events of the past which had created history and shaped an entire generation, stood before us once again almost a century later, reminding us of the services of innumerable men, women, youth and children, who sacrificed their lives for humankind.

The idea of a society where mutual coexistence amongst fellow beings and the eternal philosophy of peace and non-violence as espoused by saints, philosophers and social thinkers existed, kept on instilling in us the energy and enthusiasm to carry forward our duties and help bring a little difference in people's lives by giving them certain opportunities that helped them in small ways.

We proudly recalled what Mahatma Gandhi did a century earlier in 1917, for the first time in the Indian soil of Champaran in Bihar – an experiment of his first Satyagraha – to remove the plight of the indigo farmers and thereby reiterating our firm faith that 'FEAR' has only one option – to 'Face Everything And Rise'. That was what the Mahatma's lesson, when above all things in Champaran in 1917, Gandhiji was able to remove 'fear' from the minds and hearts of the poor peasants, who rose not in violent defiance of a system, but in non-violent protest against the atrocities and injustices meted out against them by the British Raj and became triumphant in their struggle.

During the year, the Samiti embarked on several new initiatives which directly benefitted people from the marginalized communities. As part of the Skill Development Mission and the initiatives of the Government of India to make people self-reliant, the Samiti launched the "Srijan Entrepreneurial Centre" which during the year has become a hub of Khadi products which are being designed at GSDS and which has become a major attraction for visitors from all over the world.

Not only this, various other projects were launched during this period to give a boost to young talents and create livelihood opportunities and make them self reliant, not just in Delhi and NCR with institutions such as Hunar Foundation, Connecting Dreams Foundation, but also in the North Eastern state of Manipur in Kasturba Gandhi Institute for Development.

Discussions, dialogues, seminars were also held to mark the 125th birth anniversary of the Gandhian Economist Dr. J C Kumarappa. "Understanding the Economy of Permanence"; Nurturing Artisans: Strengthening a time-tested Engineering Skills for Villages"; "Bapu's conception of Gram Swaraj through Skill India Program", etc., formed part of discussions and future strategies with an aim to inculcate ideas of Swadeshi, Gram Swaraj, Skill Development; to enhance the creativity of rural youth and women. This created a platform to showcase their skills and also to exhibit local handicrafts, art and culture and teach the techniques to promote for a dignified livelihood.

A rich exposure of the heritage and culture of India was also witnessed at the city of mystics and saints, Varanasi, during the Rashtriya Sanskriti Mohatsav, where the staff of GSDS took active part in all the major activities. Issues such as cleanliness, sanitation (as part of the Swachh Bharat Abhiyan), Beti Bachao, Beti Padhao were raised in different platforms through various mediums such as discussions, theatre, workshops, etc., at the Mahotsav.

Several workshops, orientation programmes, seminars, dialogues, programmes on peace-building, youth volunteerism for constructive work were organised during the year for children, youth and women across the country with an aim to generate awareness among the masses and create a strong base for future collaborations keeping in view the forthcoming 150th Birth Anniversary of Mahatma Gandhi in 2019.

Adding another dimension to our programmes, we continued our outreach with programmes for the tribal population of the country by organizing Adivasi/Janjati Kala Sanskriti Sangams in far flung areas of Jharkhand, Haflong (Assam), Hyderabad to name a few states. To witness their rich and varied culture in their own native place, besides discussing other issues relating to their land and livelihood was unique, for it gave the urban youth an understanding and a first-hand experience of the peaceful, yet difficult life of the Adivasis who despite all hurdles stands to protect their *jal, jameen, jangal and sanskriti* (water, land, forests and culture).

With a boost to form linkages abroad, the Samiti embarked on not just setting up exhibitions on the life, message and philosophy of Mahatma Gandhi for countries like Sudan and Senegal, but also hosted the 1st Global Youth Leadership Summit in its Gandhi Darshan campus with Bright Youth Society that saw a participation of youth from over 11 countries of the world.

Another important journey of the Samiti was to make its mark on the social media – Facebook, Twitter, etc. In this endeavour, the Samiti launched the "GSDS You Tube Channel" in association with Samvad Media, where short documentaries on the activities of the Samiti are being regularly updated for a wider audience.

Another significant move was conducting an *Orientation Programme for Hon'ble MLAs of Arunachal Pradesh Assembly on Gandhian philosophy and their practical relevance in formulation of policies and development*. This initiative was an attempt to reaffirm

the need for practicing nonviolence, truth, selfless service and ethics, in order to challenge the problems faced by humankind and thereby lay the foundation of sustainable development and growth.

In this line, another such programme for the police officers on “Nonviolent Conflict Resolution and Nonviolent Communication” was organised at Golaghat, Assam.

The Value Creation Camps for children – organized by the Samiti twice a year during October 2nd (Gandhi Jayanti) and January 30th, (Martyrdom Day) – from far flung areas and marginalized communities is an attempt to bring children into the mainstream by engaging them in different activities such as theatre, comics workshops, field visits, etc. These children from as far as Kargil to as near as Uttar Pradesh also get an opportunity to meet the hon’ble Prime Minister of India and other VVIPs during the commemorative programmes in Gandhi Smriti, a memory, worth cherishing.

Today when nothing is so certain, as uncertainty and language is a gesture or mirror of social reality it is the young boys and girls who are the future of the world. Mahatma Gandhi has to be seen in the perspectives of the youth of today who are ever progressing and have the dynamism and vigour to take the country forward.

It is time to bring the young and the dynamic Mahatma Gandhi before them and introduce what Mohandas Karamchand Gandhi did as a young man volunteering himself for social causes and plunging his self and soul for humanity. The old Mahatma –a title which he himself never accepted – is known to all.

The young M K Gandhi walks the extra mile with the young with a renewed hope. For he himself believed and urged the young to go to the villages and develop the India of their dreams, for the real India according to Bapu lives in the villages.

As the nation and the world community prepares itself to celebrate the 150th Birth Anniversary of the messiah of peace, Mahatma Gandhi in 2019, we as a nation must commit ourselves to be able to create a dynamic work force of a young India with the older generation guiding us in our path to reach out to the last person in the society and see that their life and livelihood is secured.

This young force from cross segments of the society must dedicate themselves to work constructively for the society and ensure that harmony, brotherhood, amity and tolerance triumphs. A society, where women can be free from ‘fear’ of any form; a society where each stands for the cause of the other; and a society where love emanates from every soul is one, which Gandhiji had lived and died for.

This would be the real tribute to the Father of the Nation, Mahatma Gandhi as we walk towards fulfilling the goal set by the hon’ble Prime Minister of India, Shri Narendra Modi for 2019.

Let us dedicate ourselves to this cause from this very moment itself.

Introduction

Gandhi Smriti and Darshan Samiti: A Profile

Gandhi Smriti and Darshan Samiti (GSDS) was formed in September 1984 by the merger of Gandhi Darshan at Rajghat and Gandhi Smriti, at 5, Tees January Marg as an autonomous body, and is functioning under the constructive advice and financial support from the Ministry of Culture, Government of India. The Prime Minister of India is its Chairperson and it has a nominated body of senior Gandhians and representatives of various government departments to guide it in its activities. The basic aim and objective of the Samiti is to propagate the life, mission and thought of Mahatma Gandhi through various socio-educational and cultural programmes.

The Samiti has two campuses:

(a) Gandhi Smriti

Gandhi Smriti, housed in the Old Birla House on 5, Tees January Marg, New Delhi, is the sacred place where Mahatma Gandhi's epic Life ended on 30 January 1948. Mahatma Gandhi had lived in this house from September 9, 1947 to January 30, 1948. Thus, the hallowed house

treasures many memories of the last 144 days of his life. The Old Birla House was acquired by the Government of India in 1971 and was converted into a National Memorial of the Father of the Nation and was opened to the public on August 15, 1973.

The preserves include the room where Gandhiji lived and the prayer ground where mass congregation used to be held. This was the place where Gandhiji was felled by the assassin's bullets. The building and the landscape have been preserved as they were in those days.

The Memorial consists of:

- (a) *Visual Aspects* to perpetuate the memory of Mahatma Gandhi and the noble ideals they represented,
- (b) *Educative Aspects* to focus concentrated attention on certain values of life that made Gandhi a Mahatma and
- (c) *Service Aspects* to introduce activities in order to sub-serve certain felt needs.

On display in the Museum are photographs, sculptures, paintings, frescos, inscriptions on rocks and relics pertaining to the years Gandhiji spent here. The meagre personal effects of Gandhiji too are carefully preserved.

The entrance gate itself is of great historical significance as it was from the top of this Gate, Prime Minister Jawaharlal Nehru announced to the World about the passing away of Mahatma Gandhi, "... the light has gone out our lives and there is darkness everywhere..."

concern for the poor and the deprived, welcomes the visitor at the main entrance of the Gandhi Smriti. It is the work of the renowned sculptor Padmashri Sh. Ram Sutar. The legend at the base of the sculpture says, "My Life is My Message".

A Martyr's Column stands at the spot where the Father of the Nation was assassinated, commemorating the Martyrdom of Mahatma Gandhi as the embodiment of all the sufferings and sacrifices that characterised the long struggle for India's Freedom. A broad stone pavement is laid round the Column for devotees to take a reverential *parikrama* (walk around). The wide space in front of the Column is made for devotees to offer homage. Close to the Martyr's Column on the lower lawns are the words of Gurudev Tagore, "He stopped at the threshold of every hut..."

In the Centre of the Prayer Ground, is a Pavilion with frescos on the walls, depicting the continuity of India's cultural voyage, her interaction across the globe and the emergence of Mahatma Gandhi as a 'Universal Man', embodying in his person all that is sublime in human life as he said: 'For my material needs my village is my world but for my spiritual needs the whole world is my village'.

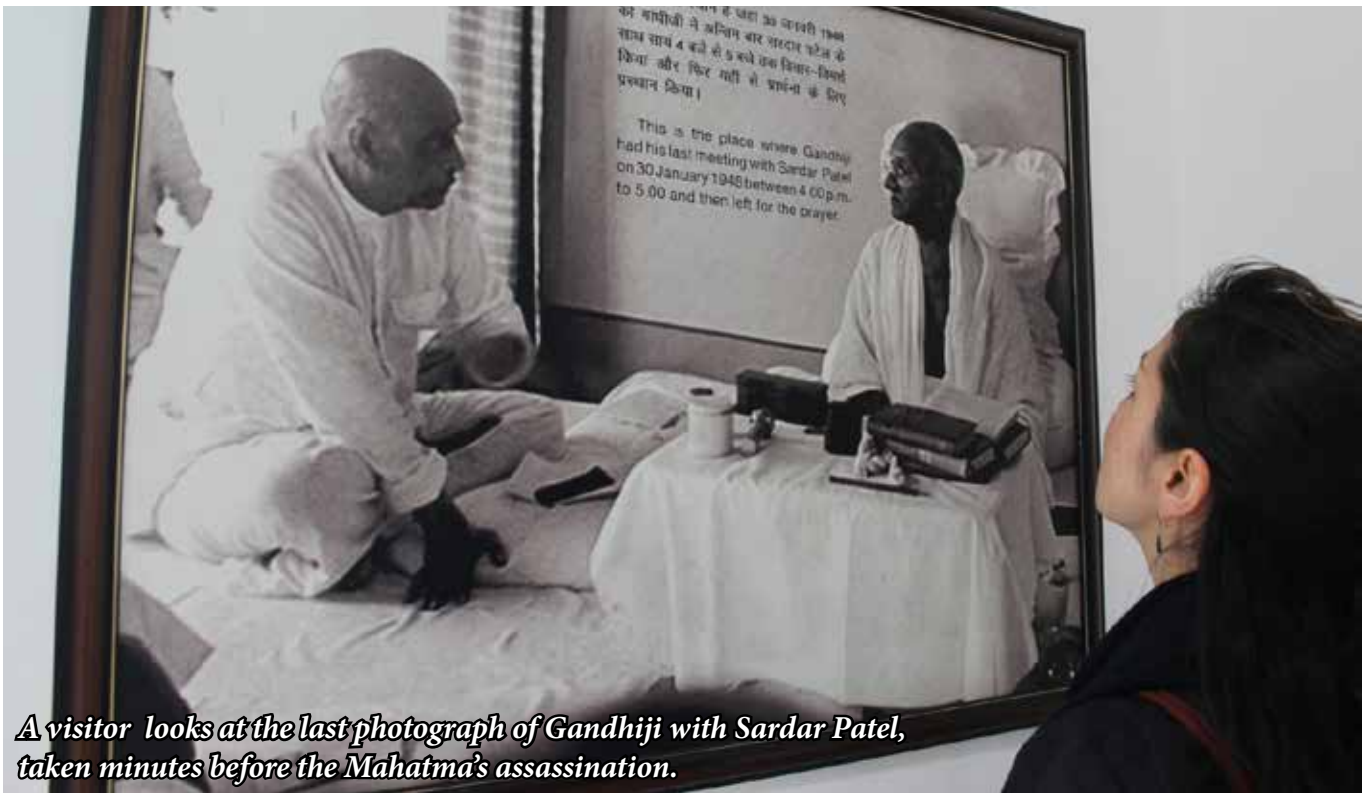

Outside the Pavilion there is a bench, made of red sand stone on which Mahatma Gandhi used to sit during the prayer or in conversation with the vast mass of humanity who would assemble

on the lawns of the Old Birla House seeking his counsel and solace in those troubled days.

The green lawns are the main feature of the Prayer Ground with peripheral decorations with flowers laid round the lawn. Near the entrance of the memorial on its right lawn is inscribed "India of Gandhi's Dream". At the roundabout close to the prayer ground are the words of Albert Einstein, "Generations to come will scarce believe..." In the centre of the roundabout is a creation of the renowned artist Sankho Chowdhury in bronze, symbolising the 'Eternal Flame' lit by Gandhi with his martyrdom.

A visitor looks at the last photograph of Gandhiji with Sardar Patel, taken minutes before the Mahatma's assassination.

Gandhiji's Room at Gandhi Smriti has been kept exactly as it was on the day of his assassination. All his possessions are on display: his glasses, walking stick, a knife, fork and spoon, the rough stone he used instead of soap. His bed was a mattress on the floor, plain white, with a low, wooden desk by its side. There is also an old and well-used copy of the *Gita*.

The entire building is now divided into different sections. On either side of the main entrance of the building a Prayer composed by the Mahatma 'A Servants Prayer' and his eternal message, His 'Talisman' are on display.

The evolution of *Mohandas Karamchand Gandhi to Mahatma Gandhi* is depicted in the south wing through the panels of black and white photographs accompanied by a simple narrative. The south wing also houses an auditorium and a committee room.

Besides, the exhibition has been so aligned that the south wing gives a simple narration of the journey and evolution of a boy called Mohandas Karamchand Gandhi and how through his 'experiments with truth', he leads India and humanity to its emancipation.

The northern wing has five different sections. The first section, the gallery leading towards the room where Gandhiji spent the last 144 days of his life is devoted to his Peace

Pilgrimage and Martyrdom. Next to this is the second section, another room with special focus on the last 48 hours of his life, which culminates with his martyrdom. This section has also an auditorium with facilities to screen films on Mahatma Gandhi.

The third section of the north wing projects the 'India of Gandhi's Dreams' and the formulae he has left behind for posterity to realise this dream: the Eighteen Point Constructive Programme. Gandhi wanted to present India as a model of development before the world with scientific precision. The epic journey ends – Father of the Nation is gone. But his legacy lives on. Above all, an unfulfilled dream remains as a challenge before us to build the 'India' of his 'dreams'.

The fourth section *Sumana* has twenty-eight enclosures/panels in all. The section, which is today, houses the Minifigures. These powerful *dioramas* depict important events in the life of Mahatma Gandhi from his boyhood to his martyrdom. Crafted by Smt. Sushila Rajni Patel, this section of the Museum is an enriching experience.

Srijan, the Gandhi Smriti Entrepreneurial Centre in Gandhi Smriti.

In the fifth section *Sanmati*, the Gandhi Smriti literature centre, there is a vast collection of *Gandhiana* and other related and relevant books available under one roof.

A special section is devoted to explain how the world reveres Mahatma Gandhi. The first part is through the eyes of the artists reflecting the magnificent life of the Mahatma. The second part is Gandhi on himself.

In the centre, people are led to assimilate, absorb and feel the presence of the Mahatma through a 40 second multi-media animation, depicting the last journey of the Father of the Nation towards his Martyrdom. This is depicted through the rendition by one of the renowned vocalists Kumar Gandharva.

The pergola – which provides an interface with the visiting mass of humanity – is now a walking art gallery, which provides an opportunity to artists from all segments of our society and all parts of the world to witness the journey of Mohandas Karamchand Gandhi to Mahatma Gandhi in the sprawling exhibition ***From Mohan to Mahatma*** prepared by senior Gandhians like Late Shri Anupam Misra and developed by the National Archives of India. The exhibition was inaugurated by the Hon'ble Minister of Culture and VC GSDS Dr. Mahesh Sharma on the occasion of Gandhi Jayanti on October 2, 2015 in Gandhi Smriti.

While on their journey, the visitors also witness the magnificent World Peace Gong that stands facing the roof top where the mortal remains of the father of the nation was kept on January 31, 1948 for thousands of people to pay their last tributes. The Peace Gong, gifted to Gandhi Smriti by the Ministry of External Affairs, Government of

Children in front of the World Peace Gong in Gandhi Smriti.

India after being received from the World Peace Gong Committee of Indonesia was inaugurated at a special function commemorating the 100 years of Satyagraha on September 11, 2006. This is a gentle reminder to the world of the enormous struggles by peace marchers across the world to live in harmony with one another.

From here the visitors are guided into the room where Babuji spent the last 144 days of his life. As they come out of this room they are acquainted with history of these 144 days through the Photo Exhibition accompanied by narratives culled out from the accounts of the eye witnesses.

Srijan, a symbol of 'swaraj' at Gandhi Smriti showcases Gandhian emphasis on khadi, cottage industries and rural development.

The *Kirti Mandap* pandal christened by the eminent *Sarod* Player Ustad Amjad Ali Khan, near the Martyr's Column at Gandhi Smriti has the capacity to accommodate 500 participants for major programmes.

In an endeavour to provide the underprivileged section of the society skills in computer, stitching and embroidery, early childhood care and education, community health, spinning and weaving, *Srijan* – the Gandhi Smriti Entrepreneurial Centre – has been set up at Gandhi Smriti. *Srijan* aims to help them learn these vocational courses in order to instill in them appreciation for self-help, confidence and bread-labour.

A child tries the Gandhi Harp in Gandhi Smriti Eternal Gandhi Multi-Media Museum.

The museum added in April 2005 a multimedia exhibition entitled *Eternal Gandhi*, which is housed on the entire first floor of the building. It has used state-of-the-art electronic hardware and new media to bring Gandhiji's life and vision alive. The approach has been both historical and interpretative. This exhibition using 21st century technology highlights the core of Gandhian thought – the commitment of a Satyagrahi to the principles of truth. Two sculptures of Ba and Babu, which are the creations of a couple, Mr. Decha Saisomboon and Mrs. Wipa Saisomboon from Thailand, are also kept at the multi-media museum.

It is these components that together make Gandhi Smriti a *Composite Museum*.

(b) Gandhi Darshan, Rajghat

The second campus is situated adjacent to the Mahatma Gandhi Samadhi at Rajghat.

It was twenty-one years after the Mahatma's martyrdom that the whole world decided to observe his centenary in 1969 in a way worthy of the Pilgrim of Peace. It was then the sprawling thirty-six acre campus came into existence to mark the centenary of Mahatma Gandhi. Thirteen Indian states and seven foreign countries had joined hands in creating the magic, called the *Gandhi Darshan International Exhibition*. The main objective of the exhibition was the interpretation of Gandhi's message and gospel of truth and non-violence against the background of the modern world and the way it has permeated and affected the nation's life and influenced the other countries of the modern world.

Today two exhibitions exist in Gandhi Darshan- *My Life is My Message* and *Freedom Struggle* in clay models.

In the first pavilion entitled ***My Life is My Message***, hundreds of archival photographs have been arranged on the walls, along with brief textual narratives. Some of these images of Gandhiji as a child and young man are rarely seen. There is also a model of the house in which he was born, as well as the actual army vehicle in which his body was transported for cremation to the grounds, now known as Rajghat.

In addition, visitors can see Gandhiji's school report cards, newspaper clippings and cartoons that show contemporary reports and reviews of his activities, the letters exchanged

The boat used by Mahatma Gandhi during the historic Salt Satyagraha of 1930 is exhibited in Gandhi Darshan museum at Rajghat.

To summarize, this pavilion with 274 panels has the following:

- 1) In Panel no. 1-273 there are photographs on life of Gandhiji from birth till assassination, there are 1600 photographs approximately.
- 2) In Panel no. 274 there are 75 stamps from different countries, released on the centenary year of Mahatma Gandhi.
- 3) There is the boat and bench used during Salt Satyagraha and Gun Carriage which carried the mortal remains of Mahatma Gandhi from Birla House to Rajghat.
- 4) There are models of:
 - Gandhiji's house at Porbandar in Gujarat
 - Sabarmati Ashram
 - Yervada Jail

The pavilion on **Freedom Struggle** comprises of beautiful clay models conceptualised and visualised by Late Sh. Anil Sengupta, on different aspects of the freedom movement.

between Gandhiji and Leo Tolstoy, portraits of his wife and parents and other fascinating material. One display showcases the many commemorative stamps issued by countries around the world in the years that followed Gandhiji's assassination; and another displays the letters that were sent to him. These, especially, reveal, how widespread was the fame that a simple Gujarati lawyer acquired in his lifetime. For example, one is addressed to 'Gandhiji: Wherever He May Be'; another (posted in New York) simply has a sketch of Gandhiji on the envelope.

In 1994, during the 125th Birth Anniversary of Gandhiji, while addressing the nation Prime Minister Shri P. V. Narasimha Rao formally announced the setting up of *International Centre of Gandhian Studies* at Gandhi Darshan, Rajghat. On January 30, 2000, President K. R. Narayanan unveiled a Column declaring the entire Campus as the International Centre of Gandhian Studies and Peace Research in the presence of Prime Minister and Chairman of the GSDS, Shri Atal Bihari Vajpayee and several other dignitaries.

Orientation Programme of Hon'ble MLAs of Arunachal Pradesh Assembly

Even after more than 60 years of the death of Mahatma Gandhi, his thoughts and philosophy has become more relevant today in a world exhausted by conflicts, inequalities and deprivations. A very large number of people across the world face oppression, exploitation, poverty and violence of different kinds. In such a scenario, there is a great need for nonviolence, truth, selfless service for constructive work, ethics

and purity of means to challenge the problems facing humankind and become the foundation of sustainable development and growth. In this backdrop, Gandhi Smriti and Darshan Samiti organized a two-day Orientation Programme for Hon'ble MLAs of Arunachal Pradesh Assembly on Gandhian philosophy and their practical relevance in formulation of policies and development of the state on February 2-3, 2017.

The key note address in the inaugural session was delivered by eminent Gandhian Shri Natwar Thakkar. He discussed at length the different dimensions of Gandhian philosophy and how these can be integrated in the policy making architecture and our governance system. He pointed out, "What is critical to note from Mahatma Gandhi's leadership of the freedom struggle was his reliance on the foundation of 'soul force' or truth force. Majority of the known struggles before his was known to have elements of violence and 'body-force'. But for Gandhi, rational discussion or persuasion was the best method to resolve conflicts instead of resorting to violence. He showed by his example that violence cannot be the last resort to resolve conflicts."

Shri Thakkar told the Hon'ble MLA's that as people in public life, we need to constantly learn on how to contribute to such transformation and nurturing of relationships and how Gandhi's nonviolent communication methods should be central to how we communicate daily. "It should be our guiding force. It's thrust are on nonviolent speech and action; maintenance of relationships & enrichment of personhood; openness and flexibility. As we know that fragmentation and conflicts in our society result from breakdown

in communication and our desire to 'defeat our opponents', this mantra of Mahatma Gandhi's nonviolent communication needs to be nurtured right from our childhood," he added.

The inaugural session was presided over the Speaker of the Arunachal Pradesh Assembly, Shri Tenzing Norbu Thongdok.

In the first working session of the programme, Shri Laxmi Dass, Executive Committee member, Gandhi Smriti and Darshan Samiti and Vice President, Harijan Sevak Sangh spoke on Gandhian Principles and Good Governance. He said, "The best Government was one which governs the least. That is the Gandhian way of governance. The Gandhian way is to decentralise power and wealth. It was also to decentralise governance. We have to take the Government to the village level. All areas concerning village should be governed by the village. That is gramswaraj and was propagated by Mahatma Gandhi."

On the second day, Dr Vibha Gupta of Magan Sanghralaya spoke on Gandhian humanism and sustainable development goals and Shri Basant, former advisor, Gandhi Smriti and Darshan Samiti talked on how to integrate Gandhian principles in the policy framework.

Later in the Valedictory Session, Shri Natwar Thakkar and the GSDS Director, Shri Dipanker Shri Gyan underlined the different initiatives that can be taken like development of a museum on Mahatma Gandhi in Itanagar, introduction of nonviolent conflict resolution in school and higher education level, focus on policies on mutual coexistence at all level.

Orientation Programme of Police Officers on "Nonviolent Conflict Resolution and Nonviolent Communication"

A four-day orientation programme of Civil Servants on "Nonviolent Conflict Resolution and Nonviolent Communication" was organised from March 16-19, 2017 at Golaghat, Assam. 42 officers in the rank of Deputy Superintendent (probationary) and about 100 Inspectors of the Assam Police took part in the programme.

An important aspect of policing could be to orient the police force to adopt nonviolent approaches to conflict resolution and use of nonviolent communication in their dealings with the general public. The overarching goal is to facilitate a process of emotional bridge building between the public and police so that both help each other in order to contribute towards a peaceful society. Mahatma Gandhi's nonviolent approaches to resolving conflicts and his methods of nonviolent communication provides great opportunities for the police force to initiate emotional bridge building with the common citizens. This will not only lead to greater understanding of each other's concerns but also promote mutual respect. Different forms of nonviolent action like ability to accommodate other's views, respect for your opponents and use of nonviolent coercion can be practised by the police so that they can resolve many conflicts without using force. This will also help in enhancing the image of the police force.

The Objectives of the Orientation Programme were:

- a. To develop critical understanding of nonviolent approaches to conflict resolution
- b. To understand the efficacy of nonviolent communication in public dealings
- c. To develop a framework of facilitating emotional bridge building between the police and public

1. Prof. T K Thomas, Founder Chairman, Gurudev Rabindranath Tagore Foundation, is seen conducting the orientation programme, as the police officers are in rapt attention.
 2. Dr. Vedabhyas Kundu, Programme Officer GSDS conducts the training programme in Assam.

Hon'ble Justice Mr. Bilap Kr. Sarmah (Rtd.), Gauhati High Court as Chief Guest; Mr. Pradip Puzari, IPS, Principal, Police Training College, Degaon, Assam Police; Mr. Laxmi Dass, Executive Member, GSDS; Dr. Vedabhyas Kundu, Programme Officer, GSDS; Prof. T.K. Thomas, Chairman, Gurudev Rabindranath Tagore Foundation; Prof. Manoj Mishra from Malviya Centre for Peace Research, Banaras Hindu University, Mr. Rihan Ali and Mr. Ikram Ali Dayal.

Mr. Pradip Puzari, IPS, principal of Police Training College, Dergaon, Assam gave the welcome address. He urged all the participants to learn all the skills of non violent conflict resolution & non violent communication and to use them in future by formation of friendly policing environment and a better policing practice.

Shri Laxmi Dass spoke at length about the life and philosophy of Mahatma Gandhi & his non violent approaches which touched heart of every Indian. He also explained what should be the non violent action & its applications. Non violence does not mean protesting but it means protection respect & moral values. Non violence & truth can practice a coward person rather he or she has to be courageous. Non violence is a tool to fight exploitation & corruption where strictness of police shall be face of policing not a mystery of law & order so dictatorship shall be avoided.

Hon'ble Justice Biplab Kr. Sarmah (Rtd.) reflected upon the process of 'inner purification' and 'negotiation'. He stressed on the need to solve conflicts even out of courts. For criminal offences, he suggested measures for inner purification.

The training session was conducted by Prof. T K Thomas. He gave clinical explanation of policing in day-to-day life happening in police stations and how people are being treated by police personals usually. He listed all violent & non violent tools which are generally used during crowd controlling, also modern techniques or technologies like mobile tracing, DNA profiling, finger print matching are most non violent way to deal with criminals. He placed Gandhian principles of non violence and its importance to communicate with public in peace building in mass conflict situations with set of examples.

Prof Manoj Kr. Mishra defined and explained various elements of conflicts like prevention, settlements, management, resolution and transformations, etc with various examples on how one is interrelated to each other in the process of non-violent conflict resolution in different phases.

Interactions with the participants and group exercises formed an integral part of the training programme.

Shri Laxmi Dass (3rd from Right) along with Prof. T K Thomas and Dr. Vedabhyas Kundu and the Police Officers together after the training programme.

Prof Parmanand Singh from Bhagalpur University spoke on the Gandhian approach to non-violence and conflict resolution. He reiterated the underlying philosophy of Mahatma Gandhi and said that Mahatma Gandhi practiced 'Ahimsa' (Non-violence) not only as a tool or a weapon to achieve his goal, but his faith in non-violence was so deep that whenever or wherever he could not apply non-violence, instead of accusing anybody, he rather blamed himself for not being able to find the right way of its application. "The police force with its might create fear. At times this fear appears to be handy. But this cannot solve the problems of human being. Again it can only work as deterrent But not a permanent solution. Fear is a means but it is not a virtue".

The other speakers who conducted sessions included: Prof. Manoj Kr. Mishra on the necessity of dialogues. Dr. Vedabhyas Kundu, conducted a session of how the police could use the new media in times of crisis and conflicts. The Chief Guest in the inaugural session, Shri Kripal Dhillon, retd. DGP, Punjab Police, shared his experiences of partition and the violence that resulted from it. "There is no alternative to peace and non-violent actions", he said while exhorting the children to leave aggressive behaviour.

As a follow-up the children decided to look at causes of conflicts in their institutions, families and the society and use their learning's to solve these through nonviolent means.

A major highlight of the workshop was the release of the Braille Edition and Talking Edition of Mahatma Gandhi's seminal book, **Constructive Programme**. It was done by Kanupriya Gupta (Class XII) and her team of the Peace Gong, a children's media platform and Arushi under the guidance of Gandhi Smriti and Darshan Samiti.

Delivering the welcome address, Kanupriya Gupta, Class XII from Carmel Convent school and Editor of the The Peace Gong said, "In midst of conflicts of different kinds in our society, peace is not we should wish for but seriously work for it," She called upon the children to be peacebuilders and contribute to resolve conflicts in their families, schools and the society at large. As Mahatma Gandhi had said it was important to reach out to each and every individual to establish peace, Kanupriya said, "We are all peacebuilders. We need to be sensitive to reasons of conflicts and then engage ourselves to resolve in our own small ways. We need to refrain from negative stereotypes and not harbour ill-will amongst each other."

The objectives of these workshops include:

- *Introduce children to Gandhian approach to peace, non-violence and conflict resolution.*
- *Developing understanding of how children can respond to different conflicts in day-to-day life*

During the workshop, the children were trained about importance of peace, the nature of conflicts and violence in the society and the world, the art of communication for peace, negotiation and mediation, using creative arts for peace-building and the techniques of conflict

resolution. The children were told that mutual trust, preparedness to discuss the problem collectively with open mindedness, tendency to examine and change one's own belief i.e. flexibility is required to escape conflict.

Prof T K Thomas, Chairman of the Gurudev Rabindranath Tagore Foundation, New Delhi asked the children to practically adopt the non-violent methods of Mahatma Gandhi, Martin Luther King and Nelson Mandela. He said children could be peacebuilders by learning from the examples of these apostles of peace. He shared with the children the leadership qualities of Mahatma Gandhi and how children could imbibe these.

Prof Thomas said Mahatma Gandhi's concept of peace is a broad one. For him peace emerged from a way of life. Therefore for Gandhi, peace is intimately linked up with justice, development and environment.

Dr Vedabhyas Kundu, Programme Officer, GSDS during his session on nonviolent communication said, the most fundamental principle of Mahatma Gandhi's philosophy of peace is "Ahimsa" or nonviolence which is the law of love, life and creation as opposed to violence or Himsa, the cause of hatred, death and destruction. According to Gandhiji, the universal human value of Ahimsa ought to be cultivated not merely at a personal level, but at social, national and international levels too if we wish to avoid personal, social, national and international conflicts. It is a very powerful means to avoid conflict, since it springs from an inner realization of the equality of all human beings. It is absence of intention of injuring, harming, disturbing and agonizing opponents.

During the two days workshop the children developed their own *Manual on Peace-building*. The children's manual reflects their views on peace and how to resolve conflicts through non-violent action. Through different case studies, children learnt the art of dialogue and how to initiate dialogues to resolve conflicts. They were told about the Gandhian approach of negotiating with one's adversaries and the importance of win-win situations for all in times of conflicts. The children were taught to develop communication strategies for peace.

"Commitment to the cause of empowering the girl child right from their birth is the only way, one can achieve complete equality in society", said Member of Parliament, Shri Prabhat Jha, adding, "We cannot have a rootless existence." Illiteracy Main Reason for Oppression of Women

(Campaign on Mahila Adhikar Abhiyaan (MAA) project in 10 districts of Odisha to empower women community for their holistic development and a benefit role for social change)

The Samiti in association with Mahila Adhikar Abhiyaan (MAA) launched a project in 10 districts of Odisha to empower women community for their holistic development and a role for social change in Odisha on February 22, 2017.

"Everybody has got human rights. Even a child has got human rights. Human rights do not know gender bias. Illiteracy is the main reason for harassment and oppression of women in the rural as well as urban areas", said Odisha State

Human Rights Commission Chairperson Justice Bira Kishore Mishra inaugurating a State-level launching of Manila Adhikar Abhiyan (MAA) on the death anniversary of Kasturba Gandhi here on February 22, 2017.

Distinguished guests at the inauguration of the programme keenly listens to a participant (above).

Justice Mishra said, "Know the law. Take the advice of the right persons and don't be misguided. Do not take the law unto your own hands. The law would help you." Despite the Government launching plethora of welfare schemes and spending crores of rupees, the attendance of girls in schools is poor. Superstition is still prevalent in many areas. Awareness is needed to curb many of the social problems plaguing the society."

In this scenario the work of human right defenders is critical to challenging inequality disrupting the status quo and promoting respect for human rights for all. God will be dissatisfied if woman is not given respect in any home and it would not prosper, he said.

Odisha State Commission for Women Chairperson Lopamudra Buxipatra said due to their ignorance about their rights and laws for protection, many women continue suffering as victims. Even some of those who file cases, they

are discriminated in availing their due justice and compensation, hence women right activists role is very important to be the voice of the voiceless.

Women in rural and urban Odisha often face different forms of gender violence before birth to death like female foeticide, rape, sexual harassment, honour crimes, trafficking and domestic violence. She stressed on education and changing of mentality to solve the problems affecting women.

Social Security and Persons with Disabilities Department Secretary Madhusudan Padhi said only reservation cannot ensure empowerment. Awareness is important and the first step to empowerment. In this age of digitisation being literate is important. In Odisha there are 50,000 villages. The media should highlight some of the positive and success stories about women's empowerment. This message should reach the villages.

(Above): Shri Laxmi Dass speaks at Amity Institute of Education during the seminar, as Principal of the institute, Dr. Ranjana Bhatia and Programme Executive GSDS, Rajdeep Pathak are all ears.

Sevak Sangh and EC Member GSDS who was the chief guest on the occasion, delivered the key note address. Over 400 students from different colleges of Delhi and NCR and different states took part in the programme. The other speakers at the day-long seminar included Shri Rajdeep Pathak, Programme Executive, GSDS; Shri Ramesh Sharma, noted Gandhian, Shri Sopan Joshi, noted environmentalist; Prof. Salil Mishra, Prof. Ambedkar University and Dr. Aparna Basu, Chairperson, National Gandhi Museum. The

valedictory address was delivered by Smt. Tara Gandhi Bhattacharjee, former Vice-Chairperson, GSDS and granddaughter of Mahatma Gandhi. Dr. Ranjana Bhatia, Principal of Amity Institute of Education was also present on the occasion.

Advocating about the 'power of the youth', Shri Laxmi Dass said reiterated his belief that the amalgamation of youth energy and experience of the elderly can bring out the desired social change in the country. He said, "All members of the society should channelize their effort in the betterment of their nation. Students of today are citizens of tomorrow" and their enthusiasm can help build the confidence of the country".

Speaking to the prospective teachers, Shri Rajdeep Pathak asserted that a teacher's role is not only to teach but also to understand their students. The teacher must enter the classroom with an open mind and must not be opinionated at any time. Quoting Mahatma Gandhi who said that for achieving world peace, one must begin with children, he said that the teacher must cater to every need of a student whether it includes academics or refreshing a child's mind by exposing him to nature. Teacher employs the role of a gardener and rears her sapling (student) in the path of righteousness".

Mr. Sopan Joshi began his session by recounting his early memories of Gandhi who had later become a very inspiring force in his life and who left a deep impression upon his thoughts. He further emphasized that with the changing times or the Internet age that we live in, it poses a challenge to our self time or the time that we should be utilizing to work upon our self to change our destiny. "The times have changed and so is the speed of the information exchange, a point to which audiences related and agreed unanimously. The great speed with which we humans are moving ahead has tremendously cut down our time with our own self. Hence, there is a need of some introspection and to make the speed of the machine in closer contact with the speed of our own body's development, a thought that was indeed thought provoking", he said. Calling for nurturing human resource, Shri Sopan Joshi said, "Human Resource is the only real resource as all other resources are materialistic and inconsequential".

In his address to the gathering on "Role of Youth Volunteer for Constructive Work", Shri Ramesh Sharma said that Mahatma Gandhi created 'real volunteers'. Talking about the ideal characteristics that Gandhi's "volunteer", the one in service of constructing a progressive society,

must possess. These included – a sense of self-discipline, fearlessness and fortitude in doing the Right, uncompromising self-esteem, and forgiveness for the evil-doer (which comes from the Gandhian idea of hating the evil, not the evil-doer). According to him, Mahatma Gandhi's 'volunteer' must be inquisitive, and must learn to question the norms and conventions; for it is only by questioning that one gets to bring about changes in the existing order of things. That is expected from today's youth.

Speaking on the theme "Relevance of Mahatma Gandhi's Concept of Non-Violence in the Contemporary World", Prof. Salil Mishra said that Mahatma Gandhi believed in transformation. The change should come in our actions and ideologies. His idea of growing up was not in isolation, but through communication at various levels. He was always open to dialogue by way of discussions and debates. His agenda was to develop new ideas

(In the pix - from Lto R): *Principal, Dr. Ranjana Bhatia, Prof. Aparna Basu, Chairperson NGM, Smt. Tara Gandhi Bhattacharjee and Prof. Salil Mishra at the interactive seminar.*

and be vocal about it. "With Gandhiji, the notion of nonviolence attained a special status. He not only theorized on it, he adopted nonviolence as a philosophy and an ideal way of life. He made us understand that the philosophy of nonviolence is not a weapon of the weak; it is a weapon, which can be tried by all. Non-violence worked on two grounds for Gandhi: Strategic dimension and moral philosophical dimension", emphasised Prof. Mishra.

Calling Gandhi, the 'best bet', Prof. Mishra said that the idea of struggling for truth and resisting evil, provides us with one of the most brilliant examples of Gandhian critical thinking and public questioning. Questioning in this context is the non-violent process of speaking up against power while withstanding tyranny and silencing. In other words, Gandhi's main concern is not with ahimsa, as kindness and gentleness. Connecting past to present, Gandhi makes a synergy of thought and non-violent action, which has larger consequence in the contemporary world.

While speaking on "Understanding Gandhi through Non-Violent Action", Dr. Aparna Basu speaking on the same theme, deliberated upon the key concepts of Satyagraha and Education that were used by Mahatma Gandhi towards carrying out his non-violent struggle in the country. "The constructive program deals with the way of carrying out a struggle. Struggle should aim at self-improvement", Dr. Basu said. She spoke about the key issues related to education, sanitation, women empowerment, basic and adult education, village economy, etc". To understand the essence of Gandhiji's Constructive Programme, it is essential to study it from a social angle and keep it apart from any form of political struggle, Dr. Basu concluded.

The valedictory address was given by Smt. Tara Gandhi Bhattacharjee who pointed that people have known Mohandas Karamchand Gandhi as a spiritual and social activist, but very few knew about him as man-with-a-family. Calling him the "Original minimalist" she remembered him as a learned man who was greatly influenced and transformed by his "Yatras". She categorically mentioned the pivotal role of Kasturba Gandhi in shaping a large part of Gandhi's life and called a true symbol of women empowerment.

Smt. Tara Gandhi Bhattacharjee gave away certificates to the participants along with Dr. Aparna Basu.

3. Justice (Retd) Gyan Sudha Mishra
4. Dr. Smita Mitra
5. Prof. Akhlaque Ahaan
6. Shri Rajdeep Pathak
7. Prof. R. Mahalaxmi

Addressing the gathering at the inaugural session, Justice Gyan Sudha Mishra raised the issue of cultural pollution and the need to nurture ethics and values. She called upon the women to stand up and speak for their rights, which Mahatma Gandhi had always advocated for.

Prof. T K V Subramaniam in his key note address addressed the issue of culture in terms of visions that scripted the National Culture and remembered the contributions and vision of Sri Aurobindo, Mahatma Gandhi, Pt. Jawaharlal Nehru, Dr. Sarvepalli Radhakrishnan, Maulana Abdul Kalam Azad. Calling that the power of culture is powerful than the power of politics, Prof. Subramaniam said, "Whereas politics is limited with time, the power of culture transcends time, hence, democratic. Culture was visioned as a dynamic, dialogical contested domain intertwined with structures of power. It is also cyclical. Culture has been seen as a resource on which a tradition was built. This according to Prof. Subramaniam, can be seen in the regional works of Kunal Chakraborty and R. Champaklakshmi.

Reiterating the views of Mahatma Gandhi on culture, Shri Rajdeep Pathak said that Mahatma Gandhi always believed in the amalgamation of different cultures of the world but refused to be blown away by those. He had his firm belief on his roots and nourished. He called upon the youth to invest in relationship and asked them to nurture (romance) and fall in love with their roots in order to preserve their cultural heritage.

Prof. Deo Shankar Navin who spoke on the debate and discussion of folk culture in Indian tradition, pointed out that culture is a vast subject matter and is part of our heritage and is also flexible since it binds us as well as makes us independent. There is a constant give and take between regional cultures which result in its synthesis.

Shri Laxmi Dass speaks to a large number of students participating at the national seminar at Janki Devi Memorial College.

A lecture-cum-demonstration by Guru Jai Kishan Maharaj of Lucknow Gharana along with his disciples was enthralling.

Prof. Akhlaque Ahaan, spoke about the "Ganga-Jamuna Tehzeeb ki Samanvayak Sanskriti" highlighted the cultural engagements between the sub-continent and Central Asia. He cited examples from the Greek Architecture, the Persian Architecture and said that one could witness interaction and synergy between the architectures of the world. Greek texts were being translated along with texts from the Indian sub-continent on a variety of themes such as medicine, mathematics and philosophy. He further elaborated that the influence of Rumi and Sanai can be seen in Tagore's work as well.

Speaking about the rich cultural heritage, Prof. Ahaan said that Badauni translated Ramayana and Mahabharata despite being a conservative Muslim. Similarly, translated texts by Chandra Bhan Brahman were taught in the Madrasas. Also Dara Shikoh compiled the Upanishad and translated it which then got translated into French and Latin by Duperron. It thus became a period of debate and constant engagement, he concluded.

Mr. Gulshan Gupta, pointed out that Indian Culture cannot be created or destroyed at one go for its roots are very deep. Calling culture a self-analysis and an expression that is reflected on our behaviour (dharma), he called for healthy debate for a better understanding.

Session II that was chaired by Dr. Saumya Gupta, saw Prof. Janaki Nair, sharing her perspective on "Indian Culture: Resource or Burden". She pointed to the renaissance movement of the Indian culture and said that the 19th century India was marked by social reforms, led by the likes of Raja Rammohan Roy, Ishwar Chandra Vidyasagar and Keshab Chandra Sen

who focused on the status of women – which Prof. Nair said that they (women) instead of being subjects were passive objects of reform. She further elaborated on the nature of the reformation movement and said that while in Bengal, the reform movement was led by the upper caste, in other regions people from the non-brahmanical, very often, lower caste section like Jyotiba Phule, Pandit Ramabai and Tarabai Shinde led the crusade that shaped the cultural forms. Prof. Nair concludes that because of the culture of protests that emerged during the 19th century, the issue of women empowerment also emerged – though she concludes that they (women) are only the bearers and not the makers of tradition.

Prof. R Mahalaxmi while speaking on "Religious Art and Architectural Traditions in Ancient/Early Medieval India" shared her perspectives on the cultural confluence as well as differences in both art and architecture which has served as important sources to study religion. She spoke of a seamless flow of culture which has enormous diversity.

A lecture-cum-demonstration by Guru Jai Kishan Maharaj of Lucknow Gharana was enthralling.

The valedictory address was given by Shri Laxmi Dass, Vice-President of Harijan Sevak Sangh. Shri Laxmi Dass spoke on the rich cultural diversity of the country and the need for cultural exchange. मान्यवर महात्मा, किस्सा सुनते हो रोज औरों के, आज मेरी भी दास्तां सुनो...

बेतिया

27 फरवरी, 1917

मान्यवर महात्मा,

किस्सा सुनते हो रोज औरों के, आज मेरी भी दास्तां सुनो...

आपने उस अनहोनी को प्रत्यक्ष कर कार्य रूप में परिणत कर दिखलाया, जिसे टॉलस्टॉय जैसे महात्मा केवल विचार करते थे. इसी आशा और विश्वास के वशीभूत होकर हम आपके निकट अपनी रामकहानी सुनाने के लिए तैयार हैं. हमारी दुखभरी कथा दक्षिण अफ्रीका के उस अत्याचार से, जो आपके अनुयायी वीर सत्याग्रही बहनों और भाइयों के साथ हुआ, कहीं अधिक है.

हम अपना वह दुख, जो हमारी 19 लाख आत्माओं के हृदय पर बीत रहा है, सुनाकर आपके कोमल हृदय को दुखित करना उचित नहीं समझते. बस केवल इतनी प्रार्थना है कि आप स्वयं आकर अपनी आंखों से देख लीजिए, तब आपको अच्छी तरह विश्वास हो जाएगा कि भारतवर्ष के एक कोने में यहां की प्रजा, जिसको ब्रिटिश छत्र की सुशीतल छाया में रहने का अभिमान प्राप्त है, किस प्रकार के कष्ट सहकर पशुवत जीवन व्यतीत कर रही है.

हम और अधिक न लिखकर आपका ध्यान उस प्रतिज्ञा की ओर आकृष्ट करना चाहते हैं जो लखनऊ कांग्रेस और फिर वहां से लौटते समय कानपुर में आपने की थी, अर्थात् मैं मार्च/अप्रैल महीने में चंपारण आऊंगा. बस, अब समय आ गया है श्रीमान अपनी प्रतिज्ञा को पूर्ण करें. चंपारण की 19 लाख दुखी प्रजा श्रीमान के चरण कमल के लिए टकटकी लगाए बैठी है और उन्हें आशा ही नहीं पूर्ण विश्वास है कि जिस प्रकार भगवान श्रीरामचंद्र के चरण स्पर्श से अहिल्या तर गई, उसी प्रकार श्रीमान के चंपारण में पैर रखते ही हम 19 लाख प्रजाओं का उद्धार हो जाएगा.

श्रीमान का दर्शनाभिलाषी

2016-17**

GANDHI SMRITI AND DARSHAN SAMITI
RAJGHAT, NEW DELHI-110002

**Separate Audit Report of the Comptroller & Auditor General of India on the Accounts
of Gandhi Smriti and Darshan Samiti
for the year ended 31 March 2017**

We have audited the attached Balance Sheet of the Gandhi Smriti and Darshan Samiti (GSDS) as at 31 March 2017, Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under Section 20 (1) of the Comptroller and Auditor General's (Duties, Powers & Conditions of Service) Act, 1971. The audit has been entrusted up to 2018-19. These financial statements are the responsibility of the GSDS's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observations on financial transaction with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidences supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

- i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit;
- ii. The Balance Sheet, Income & Expenditure Account/Receipts & Payments Account dealt with by this report have been drawn up in the format approved by the Ministry of Finance.
- iii. In our opinion, proper books of accounts and other relevant records have been maintained by the GSDS in so far as it appears from our examination of such books.

iv. We further report that:

A Balance Sheet

A.1 Assets

A.1.1 Fixed Assets (Schedule-8): Rs. 3.44 crore

A.1.1.1 An amount of Rs. 7.23 crore was released to CPWD for 'Up-gradation of Gandhi Smriti and Darshan Samiti, Tees January Marg, New Delhi' during the year 2015-16. CPWD utilized Rs. 4.31 crore during the year and had unspent balance of Rs. 2.92 crore as on 31.03.2016. During 2016-17, Rs. 50.41 lakh was given to CPWD out of which CPWD utilized Rs. 2.54 crore. GSDS depicted Rs. 6.85 crore (Rs. 4.31 crore in 2015-16 and Rs. 2.54 crore in 2016-17) as revenue expenditure instead of capitalizing the amount as the expenditure was incurred for upgradation of the Samiti. This has resulted in understatement of fixed assets (work in progress) and overstatement of expenditure by Rs. 6.85 crore. This was also pointed out in previous year's report, however, no remedial action was taken.

A.1.2 Current Assets, Loans, Advances etc (Schedule-11): Rs. 4.42 crore

A.1.2.1 An amount of Rs. 1.25 crore was depicted as 'Advance' to National Archives of India in Schedule 11 of the Balance Sheet whereas the amount was not paid to the National Archives of India during 2016-17. This has resulted in understatement of Current Assets (Bank Balance) and overstatement of Loans and Advances by Rs. 1.25 crore.

A.1.2.2 Cheques amounting to Rs. 0.38 lakh pertaining to the period from December 2009 to December 2011 were not credited into bank and were depicted as pending clearance in the Bank Reconciliation Statement. The cheques become time barred as on 31.03.2017. This has resulted in understatement of 'Sundry Debtors' and overstatement of 'Bank Balance' by Rs. 0.38 lakh.

B. Income and Expenditure Account

B.1 Income

B.1.1 During 2015-16, the unspent balance of Grants/Subsidies was Rs. 185.63 lakh which was to be taken as opening balance for the year 2016-17. But during the year 2016-17, the opening balance was depicted as 160.85 lakh instead of Rs. 185.63 lakh. The difference of Rs. 24.78 lakh was depicted in Schedule 2-Reserve and Surplus as 'balance as per last year account' whereas there was no balance in previous year under that head. This resulted in understatement of Income as well as overstatement of Reserve and Surplus by Rs. 24.78 lakh. Similarly, during the year 2016-17, Rs. 25.22 lakh out of unspent balance of Rs. 25.78 lakh was transferred to Reserve and Surplus. This resulted in understatement of Income by Rs. 25.78 lakh and overstatement of Reserve and Surplus by Rs. 25.22 lakh. Further, the difference of Rs. 0.56 lakh (Rs. 25.78 lakh – Rs. 25.22 lakh) also needs to be reconciled.

B.2 Expenditure

B.2.1 An expenditure of Rs. 4.17 lakh was incurred on two programmes and depicted as 'expenditure'. However, the amount was not paid in 2016-17 and it was actually paid in April 2017. Since the accounts of GSDS were prepared on cash basis, this was not to be depicted as 'Expenditure'. This has resulted in overstatement of 'Expenditure' and understatement of Bank Balance by Rs. 4.17 lakh.

C. General

C.1 During 2016-17, GSDS invested the entire GPF accumulations of Rs. 176.83 lakh into term deposits, which was not in accordance with the pattern prescribed by the Ministry of Finance.

C.2 As per Schedule-10 of the Format of Accounts prescribed by the Ministry of Finance, each entity is to disclose the accounting policy in relation to investments both for long term & current investments. Audit noted that GSDS kept huge balances in savings bank account maintained with saving bank, which yielded interest at the rate of 4% annually. Closing balances of every month are as under:

| Bank Balances (Rs. in lakh) | | |
|------------------------------------|--|--|
| Month | Syndicate Bank A/c No. 90432010031268 | State Bank of India A/c No. 10021675556 |
| April 2016 | 259.54 | 68.73 |
| May 2016 | 299.53 | 69.13 |
| June 2016 | 784.07 | 71.01 |
| July 2016 | 739.72 | 71.61 |

| Bank Balances (Rs. in lakh) | | |
|------------------------------------|--|--|
| Month | Syndicate Bank A/c No. 90432010031268 | State Bank of India A/c No. 10021675556 |
| Aug 2016 | 592.43 | 72.55 |
| Sept 2016 | 299.55 | 73.62 |
| Oct 2016 | 185.74 | 7.02 |
| Nov 2016 | 104.56 | 7.25 |
| Dec 2016 | 212.28 | 10.80 |
| Jan 2017 | 43.59 | 23.57 |
| Feb 2017 | 208.37 | 96.58 |
| March 2017 | 194.78 | 101.98 |

GSDS had no investment policy for the unspent balance lying in the bank account. In the absence of Short term FDRs, Auto Sweep Account, etc. for these balances, GSDS lost the opportunity to earn interest income over and above the saving bank interest being given by the bank.

D. Other Persistent Irregularities:

On the following audit comments, although featured in the previous years' reports, GSDS had not taken the remedial action:

- D.1** As per the format approved by the Ministry of Finance to be adopted by the autonomous bodies, the financial statements were to be prepared on the accrual method of accounting. However, GSDS was maintaining the accounts on cash system of accounting. The schedule numbers were also not in conformity with the approved format.
- D.2** An amount of Rs. 0.24 lakh was depicted as TDS recoverable on the Asset side of the Balance Sheet of GPF/CPF. This amount was also shown in the last year's Balance sheet also. Audit noted that this amount pertained to TDS wrongly deducted by the Syndicate Bank. Despite being pointed out by audit, the GSDS could not recover this amount.
- D.3** In the annual accounts, Sale proceeds of books, journals and subscription amounting to Rs. 8.43 lakh was shown which included amount of subscription of Rs. 3.55 lakh. However, as per the details provided to audit, subscription of Rs. 2.30 lakh only was received during the year 2014-15. Despite assurance given by GSDS, the difference in amount of subscription was not reconciled as yet.
- D.4** During 2014-15, an amount of Rs. 2.65 lakh was recovered from KVIC on account of property tax and was shown as negative expenditure under the head 'Other Administrative Expenses'.

Audit noted that GSDS had paid this amount on account of property tax in earlier years which was recovered from KVIC during 2014-15. Since the no debtors were shown in the previous years' account, it was shown as minus figure under the head 'Other Administrative Expenses'. This had resulted in understatement of expenditure by Rs. 2.65 lakh during 2014-15. Despite being pointed out by audit, GSDS did not take any corrective measures.

E. Grants-in-aid:

The grants-in-aid received from Ministry of Culture and utilization thereof for the year 2016-17 are given below:

(Rs. in lakh)

| Particulars | Plan | Non-Plan | Total |
|--|--------|----------|---------|
| Unspent balance of previous year | 185.78 | 229.88 | 415.66 |
| Grants in Aid received during the year | 785.88 | 348.67 | 1134.55 |
| Internal receipts during the year | 8.90 | 53.41 | 62.31 |

| Less: Expenditure during the year | 954.68 | 519.00 | 1473.68 |
| Unspent balance | 25.88 | 112.96 | 138.84 |

GSDS had unspent balance of Rs. 138.84 lakh at the end of the financial year.

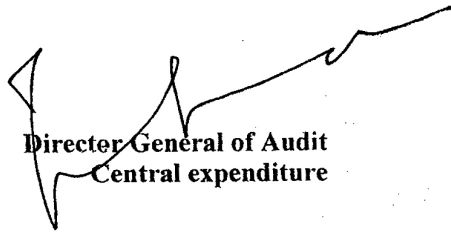

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a true and fair view in conformity with accounting principles generally accepted in India;

- a. In so far as it relates to the Balance Sheet, of the state of affairs of the Gandhi Smriti and Darshan Samiti March 2017; and
- b. In so far as it relates to Income and Expenditure Account of the deficit for the year ended on that date.
